- Microsoft Certified Technology Specialist, Project Professional 2007
- Microsoft Certified Technology Specialist, Project Server 2007
- Microsoft Certified Trainer

## Work Experience

### Avalon Training Group

#### 1993-present

Patricia Davidson is the principal of Avalon Training Group; training and consulting practice that started in 1993. Since 2002 Avalon Training Group has specialized in Enterprise Project Management and Patricia has been an invaluable resource on an extensive range of Microsoft Project Server 2002, 2003, and 2007 implementations. These implementations span many industries and vary in design. Patricia's experience ranges from facilitating requirements to performing an implementation and conducting customized training for Project Server Administrators and end users.

Patricia played an integral part in the largest implementation of Microsoft Project Server in Canada and continues to work closely with that organization today in a support capacity. The following comprises a list of organizations Patricia has worked with providing expertise in Microsoft's Enterprise Project Management solution.

- Apotex Incorporated
